Guardianship

Cardiff Sixth Form College requires students from overseas to have an educational guardian resident in the UK who takes responsibility for students, monitoring their welfare while they are in the UK. Parents rely on our guardianship service to provide host family accommodation and assist with health, financial, travel arrangements and supervise the academic progress of their child culminating in entry to the best possible university. The journey through the sixth form and onto university can be a complicated one. We have been looking after overseas students for over 20 years and we know exactly how to offer professional and honest support ensuring successful outcomes.

Crown Guardians provide a comprehensive, honest and unique guardianship service, that far exceeds the expectations of our students and their families and provides peace of mind for parents knowing that there is a responsible, independent and experienced person monitoring and caring for the wellbeing of their child at all times.

Regular meetings with students are used to discuss academic progress, pastoral matters and the general wellbeing of the student. Parents will receive a written report following each meeting. Serious concerns arising from the meetings will be addressed immediately.

Please note:

Guardianship is compulsory for all students at CSFC if their parents live outside of the UK.

Cost £1,500 per year.

Crown Guardians provide an elite service specifically designed for CSFC's elite students.
